Tim Larkin's "Target Focus Training—New York"

- YES, Mike! I want to discover how to avoid the debilitating flaws in martial arts and combat sport training today. With this program I'll learn how to totally disable and, if necessary, destroy anyone threatening me or my loved ones. These tapes will enable me to understand Mr. Larkin's principle-based, target-focused system... and why I must ONLY use this information in a life-or-death situation. I get 6 DVDs that let me be a "fly-on-the-wall" at a previously unfiled, weekend-long Tim Larkin training bootcamp. I also get Charles Staley's *The Last Man Standing: Intelligent Strength Solutions For Combat Disciplines* Special Report.

I have a full 365 days to prove to myself this program is every bit as powerful as described in your letter. If it isn't, I may return the materials for a complete refund (less shipping). On that basis, please rush me **Tim Larkin's Target Focus Training—New York** video program.

- I'm ordering before _____ and deducting a \$50.00 early order discount making my total payment just \$127.

"I've watched all the NY videotapes and they have totally transcended my expectations. I've purchased [other] tapes and even attended [other live training] camps. I thought I had a pretty good grasp of all the principles involved. However, the quantity AND quality of information on these tapes just blew me away completely." James Carruthers, Hillsborough, NC

"Recently finished watching Tim's video's for the second time, and I can't tell you what a difference it's made in my life. My confidence has gone through the roof. I had no idea real combat skills were so simple and easy to pick up. My thanks ... for making this information available to the public. You've made a customer for life out of me." Paul Steen, Rochester, NY
